Coming Back Stronger: Unleashing The Hidden Power Of Adversity

Synopsis

When a potentially career-ending shoulder injury left quarterback Drew Brees without a team and facing the daunting task of having to learn to throw a football all over again, coaches around the NFL wondered, Will he ever come back? After Hurricane Katrina devastated New Orleans, leaving more than 80 percent of the city underwater, many wondered, Will the city ever come back? And with their stadium transformed into a makeshift refugee camp, forcing the Saints to play their entire 2005 season on the road, people questioned, Will the Saints ever come back? It takes a special person to turn adversity into success and despair into hope, yet that is exactly what Super Bowl MVP Drew Brees has done, and with the weight of an entire city on his shoulders. *Coming Back Stronger* is the ultimate comeback story, not only of one of the NFL's top quarterbacks, but also of a city and a team that many had all but given up on. Brees's inspiring message of hope and encouragement proves that with enough faith, determination, and heart, you can overcome any obstacle life throws your way and not only come back, but come back stronger.

I live in Northeastern Ohio but have been a Saints fan since the "Dome Patrol" Era in the late 80s. I have always been my own man and I did not want to be like my father and like the teams he liked (he is a Browns fan). Fast forward to this past year. We (as in the Saints) won the Super Bowl and The Browns are looking for their first trip. When I was exercising at my local Natatorium and saw the interview with Drew Brees about his book, I knew that was my Summer read. Right before my family went to Canada for vacation, I got the book and in record time, finished it in 3 days. I didn't know

much about Drew Brees up until his injury. I knew he played for the Chargers and that he was a decent Quarterback hidden in the shadows of Tomlinson at the time. When Katrina hit the Gulf and destroyed New Orleans, I was scared for the team and the 3-13 record reflected that. I loved Drew's upbringing, his discussion of his birthmark, his college days, the passion he had for winning and the struggles to not only impress his wife Brittany but to impress the Saints and the people of New Orleans. One negative side was that he had his team chants in there. The entire 2009 season people wanted to know what that was and he always told them that it was a team thing and he would not disclose it. Now, if other teams wanted to use it, they can since it is spelled out in the book. Although I wanted to know what they said, I think that he gave away a part of their success in the book. The progress of success continues throughout the book and his faith maintained as well. I am always a little skeptic when reading about someone's faith because it turns into preaching and it is always forced. Drew never did this.
