# Sushi Chef: Sukiyabashi Jiro

## Synopsis

Revered restaurateur Jiro Ono's (Jiro Dreams of Sushi) extended chat on all things sushi shocked the industry and aficionados alike when it was first published in 1997 and has remained indispensable over the years thanks to his nonchalant revelation of top trade secrets. While first and last things cannot be so easily taught and the Sukiyabashi experience has stayed as unique as he warned with a wink, it is no exaggeration to call this book, finally available in English, the Bible of sushi chefs. Based on countless interviews over an extended period by a critic who had been better known for his comfort food expertise, marvelously retaining the maestro's pleasantly down-to-earth voice, and amply illustrated with color photos, here is a belated surprise gift to all serious lovers of sushi who must rely on the vernacular.

## Book Information

Hardcover: 266 pages

Publisher: Vertical (May 24, 2016)

## Customer Reviews

Much more detailed information than I have ever found written anywhere. I collect cookbooks and focus on Japanese cookbooks. From the view of seasons very best, freshest fish and shellfish, then best cutting to refined presentation, it's here. Also a quite lovely read.

This is a great handbook to study for a rising Chef and/or a lover of Japanese cuisine. It's long I'm still proud I read all 5000 something pages. My dream is to make great sushi!!

Full with information and behind story made it be more than a book with recipe. As a sushi chef it is a

must have kind of book ^,,

To have a master chef detail his work is priceless. The added bonus is that Jiro is not only forthcoming but humorous.
