Customer Reviews

This short booklet contains the transcription of the exercises from the Beginning Rock Lead Guitar DVD. It covers basic techniques (hammer-on & pull-off, bend, slide, finger vibrato, palm mute, artificial harmonics, alternate picking and more), scales (minor & major pentatonic, blues and dorian), key changes and blending modalities. It's worthy as a complement for the DVD, but if you're looking for a book with much more information on lead guitar, better try Metal Lead Guitar Primer or Metal Lead Guitar/Book and Cd (Vol. 1) although you aren't interesting in metal but in other rock styles.

It is exactly the product I was looking for, This truly met all expectations. Fully recommended for people who want to buy
