Customer Reviews

Hi there. Dude89 here. This book is good for noobs AND pros. I'd say I'm already pretty good at Minecraft, but this book helped me understand how to make different banner patterns and different type of firework effects. I am really, I mean REALLY excited to explore Minecraft with these new recipes. Oh, and I think this book has about every single crafting recipes, except for the things from the 1.9 combat update. The author should upgrade the book with those recipes!~(¯_(ツ)_/¯ ;)/
Dude89P.S. Sry for any spelling mistakes; I'm writing this review using my Kindle. The touch screen is H-O-R-R-I-B-L-E!!!

Larson makes it easy for players of the indie sandbox game Minecraft to get acquainted with the important art of crafting. With a simple crafting table, players can make anything from building materials to beds, Jack-O-Lanterns, hoppers, and food items—all necessary to be a great player in Minecraft. The instructions are simple and clear, and show everything a player needs to know to get started. I recommend this book for anyone interested about getting into the game, or players still confused about how to craft different materials and specialty items in Minecraft. This book gives you all the help you'll need.

This product is really awesome! This crafting guide is very informative, it gives you great guidance on Minecraft building materials! I recommend it to all new players of Minecraft because it is just perfect guide for Minecraft beginners.

I really liked this book because it helped me with recipes I didn't know like different types of firework charges and banners. However, there were some mistakes. For an example the word version of the

recipe for the bowl was right, but the picture showed the recipe for the bow.

What a great Minecraft book! Just got it for my son and he's already reading away!! Loads of illustrations for everything imaginable I believe - and a very helpful guide to lovers of Minecraft!

I loved it because I was a total noob before I read this and Jens Larsson is such a good author I love his books I was horrible at crafting now I'm not. I want to say thanks to writing these books

I loved the fade banner. Also I will soon play the game on the computer, so, this was VERY useful. I thank you all again! :-)

it was great but, I already knew a lot of it otherwise it's helpful great book I'm glad it wasn't \$1
