## Customer Reviews

This book has everything you could need to play a wonderful cover of your favorite songs. This book is pretty hard to read for a novice piano player (like myself) but with a little studying and practice The book is fairly easy to understand.

Not what I was expecting, songs weren't popular songs. Very difficult to open the book to play on a piano, since it is too think and heavy. Maybe good for guitar playing.

Excellent transcriptions of some great classic rock. This is for folks who can actually read music. There is no tablature involved.

Lots of great songs, over 300 pages of music. I was impressed with the quality of the book.
