Customer Reviews

At the \$17.99 price point I was expecting cardboard backed covers, nicely weighted paper, and images on only one side of the page and somewhere near 60-100 images, like what you find in most Art Therapy books. If there are substantially fewer images they would be on artist grade paper and artist level images, like what you find in the Pepin coloring books. The cover is flimsy and the paper is very light and thin with images on both sides making it impossible to use any medium that could potentially bleed through. There are 2 pictures of each image and as cool as that is I suspect it was done more as an attempt to justify the exorbitant cost of this book. I did rate it 2 stars because the quality of the images is beautiful and they are iconic in nature but this coloring book is a total rip off at \$17.99. The average Creative Haven coloring book is \$5.99 and has a better quality cover, slightly heavier paper, and images on only one side of the page, and perforations for removing pages if you want to make copies or hang them up for display. Someone needs to reprice this book and I'm likely going to return my copy. Wouldn't be a half bad product if priced \$5.99-\$7.99.

This coloring book is amazing. I have had this coloring book for about a month now and I'm still not done with it. There are so many different color ways for the shoes that you can choose from. Even make up your own

This is a great coloring book! I have really enjoyed working with it.

Glad that my son expressed an interest in something that was not electronic. He's a self-professed "sneaker-head" so this was perfect for him.

I bought this for my nephew and he can't put it down. The quality is excellent and it has all the different Jordan releases. Great coloring book for ages 8 and up. I would definitely recommend this product.

This product is awesome! It's so much fun and is an amazing relaxing/stress relieving activity! I was very satisfied!

My son has enjoyed this book...Not giving it 5 stars due to the paper used is very thin.

Great book
