Cantabile - A Manual About Beautiful Singing For Singers, Teachers Of Singing And Choral Conductors

Synopsis

(Pavane Publications). This vocal pedagogy textbook breaks the mold. Filled with anatomical drawings, pictures, graphs and valuable vocal exercises, this book is wisely and attractively organized. Plus, every chapter includes a section specifically for the choral director!

Customer Reviews

Such a wonderful resource for a voice teacher! I've only been using it for a little over a month, but the points of view, the exercises and the information has impacted myself and my students in like crazy! The improvements are beautiful and previous misunderstandings are pretty much clarified and the students and I are very appreciative!

Includes many valuable suggestions. This book may be intended for serious music majors, but I recommend it to anyone interested in singing with proper posture and voice technique.

This book is a great resource for beginning teachers of all types. I refer to this book regularly for ideas, or refreshing general concepts.

It's great! It has loads of detail and pertinent exercises and for me, the best is the section for choral directors.
