Customer Reviews

I have been interested in adding the ABRSM method to my studio, so I have order many of the books and plan to order books this fall for a few of my students. I love the detail work and the variety of music in this approach. I wish there were other teachers in my area using this set of books.

What a racket! the ABRSM Money Machine. Print two dozen pages of scales and throw an expensive price tag on it. Well, have to have it, I suppose, if you are going for the ABRSM exams.
