I really enjoyed this book. It gave me a great experience about underdogs making great things happen in their life. I chose to give it five stars because I love the NBA and some NBA books just list boring facts about what happens in the past but this book tells a amazing story about what the amazing basketball player Stephen Curry's life was about and he is still in the NBA so it is technically not talking about the past. I recommend this book to anybody especially to young ones who are starting to read and describe some of the parts to them so maybe in one part of their life when they feel like their an underdog they can say "Hey" maybe I will turn my life upside down and be the unstoppable like Stephen Curry did.

Just a great story of basketball and good choices!!

Waste of money. Book should sell about \$1.98 at the most. Should indicate this is a very slim book with little real information and certainly not the complete story. I would not recommend this to ANYONE. I bought it for a 16 year old boy and he was unimpressed.

A gift for my grandson. I was shocked at how few pages there were!! Tiny book. I should have noticed the number of pages in the description. My bad. But Curry is great in the sport and that's why I got the book.

My son, who doesn't love to read, loved this book. He has since asked if we can get more books like this about other athletes. Great book, not just for little boys! Stephen Curry's life was an inspiring read even for me.

This book is amazing it really tought me all the hard work you have to go through to get to the nba and that just because you don't get excepted to a big school doesn't mean you can't fallow your dreams.

Great, inspirational and quick read. I love Stephen Curry and basketball period. He seems to be a great guy and was raised properly as well. He will do well in the NBA and has an all around great game.

It was pretty good. But it was so short!!! I thought it would take me at least 30-40 minutes to read but it took me like 5!!! But it was still good.
