Sincerely, Carter

Synopsis

Just friends. We're just friends. No, really. She's just my best friend.... Arizona Turner has been my best friend since fourth grade, even when we hated each other. We've been there for one another through first kisses and first times, and we've been each other's constant when good relationships turned bad. (We even went to colleges that were minutes away from each other.) Throughout the years, and despite what anyone says, we've never crossed the line. Never thought about it. Never wanted to...until one night changed everything. At least, it should've.... Just friends. We're just friends. I'm only saying this until I figure out if she's still just my best friend....

Book Information

Audible Audio Edition

Listening Length: 7 hours and 10 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Whitney Gracia Williams

Audible.com Release Date: December 1, 2015

Whispersync for Voice: Ready

ASIN: B018IRDU0I

Best Sellers Rank: #479 in Books > Audible Audiobooks > Romance > Contemporary #3993

in Books > Audible Audiobooks > Fiction & Literature #7913 in Books > Romance >

Contemporary

Customer Reviews

4.5/5 I don't listen to nearly enough audio books. I should listen to more. Most of my hold up is that 1) I will not love the narrator. (more on that later) and 2) that they will not read fast enough for me. I am a fast reader. And I have to say that both of my reservations were realized, but they were fixable. I never knew that with audible you can speed up the listening speed. That helped A LOT. The other reason is unavoidable, but it didn't bother me as much as I thought it would. My audio book takeaway is that I absolutely want to listen to more books. especially in the car. That is time well spent on long driving trips. Sincerely, Carter is the first in a new adult romance series by the same name by author Whitney G. I really, really loved the story. It was a best friends to lovers trope and that one always warms my heart and makes me smile. The book itself gets very close to 5 big favorite stars, but the audio version of it detracted a bit from the story. I really liked the narrator for

Arizona, but the voice for Carter just did not match up at all for me. Not to mention in the Arizona chapters, if Carter had a speaking role it wasn't Carter's narrator doing the voice, it was Arizona in a "guy voice", and that bugged me even more. I see Carter as this strong male character and his voice just didn't live up to that for me. The narrator did a good job, it just wasn't how I pictured Carter in my head. Other than that, the story was excellent. I really loved it. I didn't realize that this was going to be a series, but I am beyond thrilled that it is. Carter and Arizona have been the very best of friends since 4th (or 5th) grade. And they have never once crossed the line. (until the events of this story) It is something that confounds everyone they meet.
