Harry Bosch Box Set

Synopsis

Includes the following Harry Bosch thrillers, award-winning and all voiced by standout Broadway veteran Len Cariou: **THE NARROWS** (AudioFile Magazine Earphones Award Winner): FBI agent Rachel Walling finally gets the call she's dreaded for years, the one that tells her the Poet has surfaced. She has never forgotten the serial killer who wove lines of poetry in his hideous crimes--and apparently he has not forgotten her. Former LAPD detective Harry Bosch gets a call, too--from the widow of an old friend. Her husband's death seems natural, but his ties to the hunt for the Poet make Bosch dig deep. Arriving at a derelict spot in the California desert where the feds are unearthing bodies, Bosch joins forces with Rachel. Now the two are at odds with the FBI...and squarely in the path of the Poet, who will lead them on a wicked ride out of the heat, through the narrows of evil, and into a darkness all his own...**ECHO PARK** (2007 Audie Award Winner for Mystery): In 1995, Marie Gesto disappeared after walking out of a supermarket in Hollywood. Harry Bosch worked the case but couldn't crack it, and the 22-year-old woman never turned up, dead or alive. Now Bosch is in the Open-Unsolved Unit, where he still keeps the Gesto file on his desk, when he gets a call from the DA. Michael Connelly's suspenseful new novel pits the detective People magazine calls "one of the most complex crime fighters around" against one of the most sadistic killers he has ever confronted. It confirms that Michael Connelly "is the best writer of suspense fiction working today" (Richmond Times-Dispatch).**THE OVERLOOK**: In his first case since he left the LAPD's Open Unsolved Unit for the prestigious Homicide Special squad, Harry Bosch is called out to investigate a murder that may have chilling consequences for national security. A doctor with access to a dangerous radioactive substance is found murdered in the trunk of his car. Retracing his steps, Harry learns that a large quantity of radioactive cesium was stolen shortly before the doctor's death. With the cesium in unknown hands, Harry fears the murder could be part of a terrorist plot to poison a major American city.

Customer Reviews

The Michael Connelly books are consistently great. The reader is good. The stories well executed with no pretense. As a person doing long commutes, I switch back and forth between non-fiction and fiction. I can count on Harry Bosch to keep me awake and safe on the road!!

I always love Michael Connelly's Harry Bosch stories. Such a complex and interesting character. And I think of Len Cariou's voice as THE voice of Bosch. I have read all three of these books, but I always listen to the book later, also. Bosch has been my cross country and across town companion many times. My only complaint about this purchase was that a disc was missing. There are 23 hours of listening, so it takes a while to get through. I didn't catch the problem until it was too late; has a 30 policy for exchanges. I have never had this happen before, so I didn't count the discs right away. Lesson learned. I feel burned that I missed the second to last disc when things were getting exciting!

I have never read a Michael Connelly novel, but I love a good detective yarn. These stories are great, but I became so irritated by the narrator that I almost gave up listening! He seems to think that all cops, PI's and FBI agents need to sound like they've been gargling nails. So annoying! His characterisations of the characters were ghastly, and his intonation missed the mark constantly. At times, especially when the dialogue was a female character, he sounded like he was just learning to read a foreign language and was extremely stilted. Apart from that, the novels themselves are really good! In future, I will just avoid books read by Len Cariou

Great value for any Michael Connelly/Harry Bosch fan. The audio tapes compliment the books, rather than replaces them. But they are great if you do a lot of driving and your opportunities for reading are limited.

Michael Connelly's Harry Bosch Box Set receives an excellent narration by Len Cariou, stage and

TV actor who brings to life three best-selling Bosch investigations: The Narrows, Echo Park and The Overlook. Any Bosch fan who wishes to enjoy his dramas in one set will find this a fine set of thrillers steeped in mystery, espionage, and murder.

He was so excited to get something that was 3 books so he can listen to one at a time. Sometimes he has a lull between big jobs and forgets where he left off.

This was such a fun set to listen to while commuting around Orange and LA Counties. Especially in LA since most of it takes place there. Great stories.

Harry Bosch is a true great character. I loved following him through his ups and downs in Michael Connelly's stories.
