Perfect Murder, Perfect Town : The Uncensored Story Of The JonBenet Murder And The Grand Jury's Search For The Final Truth

Synopsis

In *Perfect Murder, Perfect Town*, Lawrence Schiller thoroughly recreates every aspect of the complex case of the death of JonBenét Ramsey. A brilliant portrait of an inscrutable family thrust under the spotlight of public suspicion and an affluent, tranquil city torn apart by a crime it couldn't handle, *Perfect Murder, Perfect Town* uncovers the mysteries that have bewildered the nation. Why were the Ramseys, the targets of the investigation, able to control the direction of the police inquiry? Can the key to the murder be found in the pen and writing pad used for the ransom note? Was it possible for an intruder to have killed JonBenét?

This is a book about three distinct, yet intimately interrelated stories, told as one. First, there is the story of the murder of JonBenét Ramsey; second, the story of the investigation of that murder and the antagonism between the Boulder Police Department and the District Attorney's office; and third, the media coverage of these events. I think Schiller does a workman-like job on all three, but for readers primarily interested in the story of the murder of JonBenét, this book, at about 800 pages, is a bit too much. For those interested in the politics and pecking order of the judicial system as practiced in Boulder, Colorado, this is probably a fascinating read from cover to cover. The story of the media is also interesting, but too narrowly focused on the tabloid coverage, especially the material about Jeff Shaprio, then working for the *Globe*. Stories from the local (Colorado) media are quoted liberally throughout the text, but the day-to-day inner workings of the local press is not detailed. Some of this material seems pasted in as though Schiller began to weary of his subject.

The detail about the Colorado judicial system, often presented in footnotes at the bottom of pages, was legalistic and not really illuminating. Additionally the text is marred by typos of the kind not caught by spell checkers, including the wrong "their" near the bottom of page 385, an extraneous article on line 11, page 501, and most significantly, an "isn't" for an "is" on page 227. (Actually the sentence in that footnote doesn't make sense with either an "isn't" as written, or an "is" as seems indicated.
