Customer Reviews

I am re-inventing myself as a clarinetist, after many years away from it. I have a degree in music ed and clarinet performance, so it isn't exactly a stretch. I have been collecting books I used to own and use, and this was always a favorite of mine. Still is. There is a wide variety of stuff to work on....phrasing, articulations, slurring, musicality....I just love this book.

The book came in a nice and clean plastic wrapping with a stick of cardboard to make sure it doesn't bend. I was satisfied with the product as well as the time it got here.

The book was in good condition and without damage. The exercises within it are exciting and effectual toward mastery of the clarinet.

Probably suitable for about a grade three level and then just goes up and up and up. I liked it,
